Dear Sir:

On April 22, 2005, we paid the issue fee for the above-identified application. A copy of the Issue Fee Transmittal is attached as Exhibit A. We recently received a phone call from the Patent Office indicating that there was a problem with printing the patent, but were provided no details.

At our request, our outside patent counsel, Michael B. Stewart, contacted and had a number of discussions with the Examiner, Qutubuddin Ghulamali. Mr. Ghulamali was very proactive and we appreciate his assistance in helping to determine the issue that needs to be resolved. It is our understanding that the printers would appreciate a copy of the claims as allowed, but showing the most recent claim amendments subsequent to the filing of the response to the final office action that were done by way of Examiner's Amendment. The Examiner's Amendment only provided a "clean copy" of the amended claims. Thus, a complete listing of claims follows beginning on page 2. The designation "Currently Amended" merely shows the Examiner's Amendment that was entered, but now with appropriate additions and deletions.
